

List of Covered Self-Monitoring Blood Glucose Systems (Glucometers), Control Solutions, and Lancing Devices

This spreadsheet contains diabetic self-monitoring blood glucose systems (glucometers), control solutions, and lancing devices eligible for coverage and reimbursement (Code 1 Restriction) under Medi-Cal Rx when billed by Medi-Cal Rx eligible pharmacy providers. Refer to *Section 13.0 - Medical Supplies* and *Section 13.2 - Diabetic Supplies - Self-Monitoring Blood Glucose Systems (Glucometers), Control Solutions, and Lancing Devices* of the Medi-Cal Rx provider manual for coverage criteria, quantity limits and additional billing information. This spreadsheet is subject to change with notification in the provider alerts. 'MAPC' (maximum allowable product cost) is the maximum product cost reimbursed (price on file). The manufacturers have guaranteed, upon request, Medi-Cal FFS pharmacy providers can purchase the products at or below the maximum acquisition cost (MAC) for dispensing to eligible Medi-Cal recipients and billed through Medi-Cal Rx. To receive reimbursement, the 11-digit NDC like number on each package (box) dispensed must be an exact match to a Medi-Cal billing code in this spreadsheet and the Medi-Cal billing code submitted on the pharmacy claim.
