

List of Covered Sterile Syringes with Needles

This spreadsheet contains sterile syringes with needles eligible for coverage and reimbursement under Medi-Cal Rx when billed by Medi-Cal eligible pharmacy providers. Refer to *Section 13.0 - Medical Supplies* of the Medi-Cal Rx provider manual for coverage criteria, quantity limits and additional billing information. This spreadsheet is subject to change with notification in the provider alerts. 'MAPC' (maximum allowable product cost) is the maximum product cost reimbursed (price on file). Quantities are limited to 200 syringes per 30-day period. To receive reimbursement, the 11-digit billing number (NDC) on each package (box) dispensed must be an exact match to a Medi-Cal Rx billing code in this spreadsheet and the Medi-Cal Rx billing code submitted on the pharmacy claim.
